**Derris Lee**  
Drummer

# Technical Requirements – Trio

The trio requires a standard professional PA system appropriate to venue size, with floor monitoring and experienced sound support.

**Lannie Battistini** (keyboard & vocals) requires one (1) direct vocal microphone on a boom stand and two (2) floor monitor. Artist will provide keyboard (stereo DI preferred). If a grand piano is provided in lieu of keyboard, monitor needs may vary depending on the space. Two (2) bottled waters requested.

**José Valentino** (bass & flute) will provide his own bass guitar and flute. Bass requires one (1) DI input. Flute requires one (1) direct microphone on a boom stand. Two (2) floor monitors requested. Two (2) bottled waters requested.

**Derris Lee** (drum set) requires a presenter-provided drum kit, including:

- Kick drum
- Snare drum
- Hi-hat
- High tom
- Low tom
- Cowbell (mounted)
- Ride cymbal
- Crash cymbal
- Splash cymbal
- Shakers on a stand
- Bongos on a stand positioned adjacent to the drum set

Microphones required:

- Two (2) overhead microphones
- One (1) kick drum microphone
- One (1) snare microphone
- One (1) microphone shared across the two toms

One (1) floor monitor requested. Two (2) bottled waters requested.

Clear stage sightlines between musicians and reasonable soundcheck time are appreciated.
